

## The Mt. Holly Prayer List — December 2008

To add or remove people from this prayer list, please contact Shannon at schiggins@comporium.net or call 803-327-5779 and press option 7. A detailed list is emailed on Mondays, and the list that goes into the church bulletin is sent to the church office on Thursday mornings. When you send or give information to be included in the prayer request, please include if you would like for that person to remain on the prayer list until further notice. **If this information is not included, that person's name will be removed at the end of the week.** Also, because it is hard to hear some of the prayer requests during the church service, please make sure to call or email Shannon with all prayer requests, even if they are brought to our attention during our worship service. Anyone may be on the email list to receive this prayer list. To add someone's name to this email list, please email their name and email address to Shannon.

\*\*Please note that this prayer list and any request is sent solely to help people in need. All information in this email is true to the best of my knowledge, and I am not responsible for any information on this prayer list or any email with prayer requests or needs.

**Billy Adams**
